About this Directory

The 2001/2002 AIA Colorado Firm Profile & Membership Directory is broken into two main sections aimed at recognizing both member firms and individual members. The Firm Profile portion of the directory is a roster of architectural firms whose principals and/or partners are full AIA members. The Membership Directory contains individual listings of ALL members, including Associate AIA, Professional Affiliate and Student Affiliate members.

The information included in these resource pages was provided by firm and affiliate members. AIA Colorado is not responsible for inaccuracies or omissions in the member listing. Inclusion in the directory does not in any way imply endorsement of any form, service or product.

A 2002 AIA Colorado Firm Profile & Membership Directory "Addendum" will be published in early 2002 and will be sent to all AIA Colorado members.

Introduction

Welcome

Welcome to the *2001/2002 AIA Colorado Firm Profile & Membership Directory*. We are proud of our firm profile and its value as a resource of information about our member firms, AIA Colorado, and local chapter membership lists. I use it regularly for contacting our members. In addition to this excellent resource, you may also stay in touch with AIA Colorado throughout the year via our website, www.aiacolorado.org, to get the latest information on upcoming programs and events, government affairs, the AIA Colorado Classifieds and much more.

John J. Williams, Jr., AIA
2001 President, AIA Colorado

Joseph M. Jackson, Associate AIA
Executive Vice President/CEO

This is an exciting time for architects in Colorado and the AIA. Now in its 108th year, AIA Colorado is over 2,000 members strong. The most exciting event this year was the honor and challenge of hosting the AIA National Convention in May. Nearly 18,000 architects, allied professionals, guests and the public gathered in Denver, making it the second largest national convention of all time. In addition, the largest number of Continuing Education units at any convention were recorded. Outreach that allowed us to get the word out to the public, educating them as to the incredible value of architects in our community.

A large portion of our success was due to the public relations

We have promoted a simple theme phrase that embraces the spirit of AIA Colorado, not only during this year, but also for the future: *Synchronized Soaring*. When I introduced this theme last year, what I meant was that AIA Colorado's achievements would be broadly shared among members who expected excellence. *Synchronized Soaring* recognizes that each member of AIA is important as an individual, and that they can reach out in their own personal way to elevate our profession to new heights. By combining our talents and energy we can accomplish even more together. *Synchronized* means more collaboration and involvement, - "a synergy of spirit".

AIA Colorado embraces change and innovation in the creative era in which we live, and works to bring forth the best ideas and tools for success in firms and communities. As a member-driven organization, there are vast opportunities and resources available for members. AIA Colorado's professional staff is ready to assist you with information and ideas for your involvement. Call them at 303.446.2266 at any time with questions, concerns or areas of interest.

Again, enjoy the AIA Colorado Directory!

John J. Williams, Jr., AIA
2001 President, AIA Colorado

The American Institute of Architects' Code of Ethics and Professional Conduct

Members of The American Institute of Architects are dedicated to the highest standards of professionalism, integrity and competence. The following principles are guidelines for the conduct of members in fulfilling those obligations.

Canon I - General Obligations

Members should maintain and advance their knowledge of the art and science of architecture, respect the body of architectural accomplishments, and contribute to its growth. Learned and uncompromised professional judgment should take precedence over any other motive in the pursuit of the art and science of architecture.

Canon II - Obligations to the Public

Members should embrace the spirit and letter of the law governing their professional affairs and should thoughtfully consider the social and environmental impact of their professional activities.

Canon III - Obligations to the Client

Members should serve their clients competently and in a professional manner, and should exercise unprejudiced and unbiased judgment when performing all professional services.

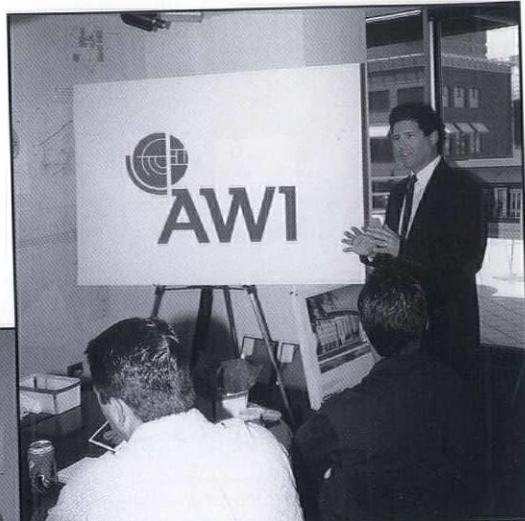

Canon IV - Obligations to the Profession

Members should uphold the integrity and dignity of the profession.

Canon V - Obligations to Colleagues

Members should respect the rights and acknowledge the professional aspirations and contributions of their colleagues.

*For the
Advancement of
Architectural Woodwork*

Services for Colorado architects include seminars in which local AWI members educate staffs on architectural woodwork standards and the value of such standards. Here, AWI's Bruce King spends the lunch hour at Barber Architecture with a variety of the firm's professionals. For more information about AWI services, contact Bruce at (303) 791-9003.

Consumer/Public Information

What Do Architects Do?

You have a vision of what you want. Now you need to make that vision a reality. Here's how architects can help you:

Architects see the big picture

Architects are specially educated to help you define what you want to build, present options you may never have considered, and help you get the most for your valuable investment. They don't just design four walls and a roof -- they create total environments, both interiors and exteriors that are functional and compliment the surroundings.

Architects solve problems creatively

Architects are trained problem solvers. Need more room for your growing family? Architects can show you how to enlarge your home so you won't have to move. Have a limited budget? Architects can propose ways to get more for your investment than you imagined possible.

Architects help you get the most from your construction dollar

Architects can reduce building costs, decrease your home's energy needs, and increase its future resale value through good design.

Architects make your life easier

Building is a long process that is often messy and disruptive, particularly if you're living in the space while it's under construction. Your architect represents you, not the contractors. Your architect looks out for your interests and smoothes the process, helps find qualified construction contractors, and visits the worksite to help protect you against work that's not according to plan.

Speak with an architect who is a member of The American Institute of Architects (AIA) at the earliest stage of the design process. Use the *2001/2002 Firm Profile and Directory* to reach all the AIA members located in Colorado. Another resource available to you is an Architectural database that contains the names of our member firms. You can find this by visiting our website at www.aiacolorado.org.

Why an AIA Architect?

Like doctors and lawyers, architects are licensed professionals. Only an individual who possesses a state license to practice architecture may use the title "Architect". They are the only professionals in the construction industry who are ethically bound to represent you, the building owner.

Professional qualifications generally include:

- College degree from an accredited school of architecture, requiring five or more years of professional studies
- Three years of internship under the supervision of licensed architects
- Passage of a rigorous five-day examination

Only those professionals who have fulfilled these requirements, or other requirements as stipulated by each individual state, may legally call themselves architects and practice architecture in the jurisdiction granting the license. Individuals may be registered, or licensed, in more than one state by means of reciprocal licensing agreements among the states.

Get the real thing – Look for "AIA"

Look for the AIA initials after the name of any architect you consider for your project. AIA architects remain current with professional standards through continuing education and subscribe to a code of ethics (refer to page 4) and professional conduct that assure clients, the public and colleagues of their dedication to high standards in professional practice.

Firm Profile & Membership Directory

The publication you are reading is called *2001/2002 AIA Colorado Firm Profile & Membership Directory* and is a statewide listing of all AIA Colorado members for the current calendar year. This directory lists members by local chapter, AIA Denver, AIA Colorado North, AIA Colorado South and AIA Colorado West, and includes types of services each firm offers. This publication is invaluable in your search to find the right architect for you.

Firm listings are also available on the AIA Colorado web site at AIACOLORADO.ORG under Consumer Resources. The firms listed are those that have one or more principle architects as members of AIA Colorado.

Learn More About Working with an Architect

At the heart of every successful project is a strong relationship between client and architect. AIA architects know that the more knowledgeable their clients are, the more likely they are to fully participate in the process and enjoy the benefits of a collaborative effort.

Numerous resources are available that cover topics related to finding and working with an architect, and managing your project and the design process. Time spent on this research will pay off in improved results for your project.

AIA Colorado Chapter Information

The Colorado Chapter of The American Institute of Architects

AIA Colorado represents architects and others statewide and unifies the four local Chapters of The American Institute of Architects within Colorado. AIA Colorado seeks to:

- Unite the architects of the State of Colorado in fellowship.
- Promote the aesthetic, scientific, and business practice of architecture.
- Advance architectural standards of continuing education, training and practice.
- Build relationships among clients, the construction industry and architects.

AIA Colorado believes that an important purpose of architecture is to create a vision that improves the built environment. This vision is vital to the advancement of the living standards of our communities and provides a service of ever-increasing value to society.

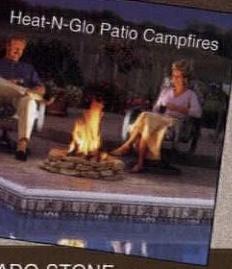

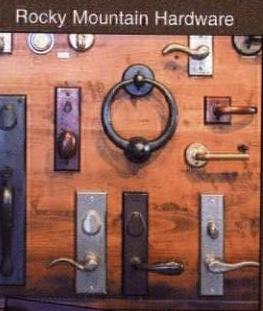

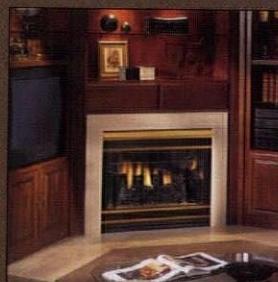

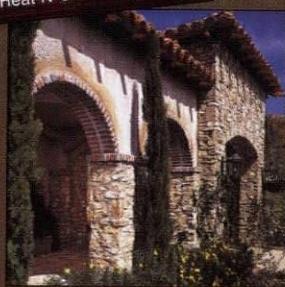

AIA Colorado lobbies the Colorado legislature, offers architectural employment information and sells AIA contracts and publications. AIA Colorado provides support to all the chapters within the state and it is a professional organization for the design profession, classified as "not-for-profit."

History of AIA Colorado

The Colorado Association of Architects was organized in 1890 and the elected officers were: Robert S. Roeschlaub, President; Harold W. Baerresen, Vice President; Eugene R. Rice, Secretary; and Frank E. Edbrooke, Treasurer. The same men were re-elected to office at the Second Annual Meeting held December 21, 1891. The main topic of discussion at that event was submitting an application for a charter as a chapter of The American Institute of Architects. The charter was received April 4, 1892 and included the states of Colorado, Wyoming and the territory of New Mexico. It wasn't until 1947 that each state had its own chapter.

AIA Colorado Board of Directors

The Board of Directors is the governing body of AIA Colorado and develops all immediate and long-term positions and policies for the state. If there is a subject of concern for you or if you have a proposal for the Board, please call AIA Colorado by the 10th of the month. A time will be scheduled for you during the Board meeting to offer your feedback. AIA Colorado board meetings are held on the 3rd Friday of each month at 2:00 p.m. typically at the AIA office. All members are welcome to attend. A current list of all Boards of Directors and Committees can be found on the AIA Colorado web site at www.aiacolorado.org.

AIA Colorado Chapter Information

AIA Colorado Committees, Task Forces, & Coordinators

The following outlines a portion of the committees and services available to members of AIA Colorado. The AIA Colorado Board of Directors invites and encourages your active participation in AIA at the local, state and national levels. Your involvement means fellowship with your peers, furthering your career and continuing your education. Volunteer your expertise—join a committee, sponsor an intern, submit an article to the newsletter, run for the Board, suggest a new service and attend the Annual Design Conference. Your participation and feedback are necessary for the continued success of this membership body.

Many other committees exist at the local chapter level as well. Please refer to the AIA Colorado web site at www.aiacolorado.org for a complete list of all committees active in each chapter.

AIA Communications Advisory Board

*Chair: John Williams Jr., AIA
John Williams Architecture*

The Communications Advisory Board (CAB) has been formed to serve the members of AIA Colorado, insuring them an informative, comprehensive and timely newsletter as well as a progressive web site. Members of this board will function as an accessible source of information and as a tool for architectural professionals, supporting personal and professional development. The members that sit on the CAB will answer and report to the AIA Colorado Board.

AIA/AGC/ACEC Design & Construction Coalition

*Chair: Bud Starker
Starker Construction*

In 1997, the Colorado Chapter of The American Institute of Architects, Associated General Contractors of Colorado, and the American Consulting Engineers Council of Colorado sought an agreement to achieve a partnership for the purpose of enhancing the relationships between the three organizations and their members. The Boards of Directors of each organization are committed to developing

AIA Colorado Chapter Information

a detailed understanding of the concerns that confront the members of each organization as they proceed with the design and construction of projects and to carefully analyze the challenges that the three organizations have in accomplishing their goals. Chairmanship of this committee rotates between the three collateral organizations on an annual basis.

Design Awards Program

*Co-Chair Rick Petersen, AIA
OZ Architecture
Co-Chair: Jeff Limerick, AIA*

The Awards Program seeks to honor works of distinction by our members and to bring to public attention to the outstanding architectural services provided by members of AIA Colorado. Design Award winners are announced during the Design Conference.

Design Conference

*Co-Chair: Rick Petersen, AIA
OZ Architecture
Co-Chair: Jeff Limerick, AIA*

This committee is responsible for the planning and execution of AIA Colorado's Design Conference. The conference chair is appointed by the President-Elect of the year before the year of the conference to be chaired. Committee members develop the theme for each conference, invite speakers and coordinate the schedule. Member participation and feedback is encouraged.

This directory comes to you solely through the support of the companies who have advertised here.

Please support those advertisers who have made this directory possible.

Educational Fund of AIA Colorado/Colorado Society of Architects

Permanent Trustee: Robert K. Fuller II, AIA

The Educational Fund awards scholarships and grants to architectural students, faculty members, architects and AIA components each spring. Application deadline for these scholarships is, historically, around March 1st of each year. Approximately \$35,000 is distributed annually by the Fund.

Fellows Task Force

Chair: Gary Desmond, FAIA

The Fellows Task Force was formed in 1992 to assist local chapters in nominating their outstanding members to be considered for election to the College of Fellows. The Task Force helps those architects nominated in developing their submissions to the Jury of the College of Fellows.

Finance Committee

*2001 Chair: Martha Bennett, AIA
Bennett, Wagner & Grody Architects
2001 Chair: Jim Cox, AIA
CCMK*

This Committee is responsible for the financial well-being of AIA Colorado. The committee develops long-range financial goals and makes recommendations to the Board regarding budgets and other areas of financial planning. Membership dues, the Design Conference, support from exhibitors and document sales generate most of the revenue necessary for the operating budget of AIA Colorado.

AIA Colorado Chapter Information

Government Affairs

2001 and 2002 Chair: Mary Follenweider, AIA
Humphries Poli Architects, PC

This committee meets on the second Friday of each month at 12:00 noon at the AIA Colorado office to discuss matters relating to, among other things, the State Board of Examiners of Architects and legislation at the federal and state levels. During the 120-day Colorado legislative session, the Legislative Affairs Sub-Committee meets at 7:30 a.m. each Friday morning to screen and discuss potential legislation that could affect the profession of architecture. Our contract lobbyist, Jerry Johnson, Hon. AIA/C, assists AIA Colorado in this monitoring process, as well as providing on-site lobbying at the Capitol. AIA Colorado occasionally sponsors legislation; our primary goal with this program is to increase the legislators' awareness of architects, architecture and the AIA.

Intern Development Program

State Coordinator: Andrea Nicholl, AIAS

The Intern Development Program (IDP) continues to gain momentum in Colorado. The IDP Coordinator and AIA Colorado staff sent out more than 200 packets last year. The Coordinator provides programs at CU Boulder and CU Denver, as well as firms interested in the merits of the IDP program. The Coordinator also nominates firms for the AIA/NCARB IDP Firm of the Year award.

Nominating Committee

Chair: Elizabeth Wright Ingraham, FAIA
(2002 AIA Colorado President)
Elizabeth Wright Ingraham Architects

This committee is composed of at least five AIA Colorado architects, selected on the basis of one representative from each AIA Colorado chapter (appointed each year at the June or July meeting of the Board of Directors) and chaired by the current President-Elect. The Nominating Committee recommends at least two nominees to run for each officer's position on the AIA Colorado Board of Directors.

Membership

Chair: Steve Loos, AIA
Abo Copeland Architecture, Inc.

Successful and continuous membership expansion efforts are essential to ensure that the AIA truly represents the profession. Recruit a friend — invite them to a meeting or chapter activity and get them involved in AIA Colorado.

The Young Architects' Awards Gala

2002 Chair: Ned White, AIA
Intergroup Architects

The AIA Colorado Young Architects' Awards Gala committee is responsible for the yearly awards program aimed at recognizing the Colorado Society of Architects' AIA Educational Fund Scholarship Award recipients and, also bestows numerous other awards aimed at students, interns and recently licensed professionals. The most prestigious award is the AIA Colorado Young Architect of the Year Award. Additional award categories include excellence in construction documents, technology innovations, craftsmanship, and student portfolios. The program also seeks to recognize significant firm contributions to young professionals through its Mentoring Firm of the Year Award.

AIA Colorado Chapter Information

AIA College of Fellows

The American Institute of Architects bestows the recognition of Fellowship for achievement in architecture on members who have contributed notably to the advancement of the profession of architecture. With the exception of the Gold Medal, fellowship is the highest honor the AIA can bestow on a member. It is conferred on members with at least 10 years of membership who have made significant contributions to the aesthetic, scientific and practical efficiency of the profession; to the standards of architectural education, training and practice; to the building industry through leadership of the AIA and other related professional organizations; to the advancement of the living standards of people through their improved environment and to society through significant public service.

Those advanced to fellowship can use "FAIA" after their names in recognition of their contributions in design, education, research or public service.

The following people came into the area from other chapters in the early days and were automatic Fellows when assigned to the Colorado Chapter. (Area - Colorado, Wyoming and the territory of New Mexico, April 4, 1892).

1886	Frank J. Grodavent
1888	E. T. Carr
1889	Francis W. Cooper
1896	Franklin E. Kidder

The College of Fellows of The American Institute of Architects honored the following Colorado architects with Fellowships:

1900	Robert S. Roeschlaub
1934	William E. Fisher
1934	George H. Williamson
1940	Robert K. Fuller
1949	Burnham Hoyt
1956	William Gordon Jamieson
1957	James H. Hunter
1961	Roland L. Linder
1963	William Wilde
1966	F. Lamar Kelsey
1968	Victor Hornbein
1968	William C. Muchow
1971	Hobart D. Wagener
1972	DeVon M. Carlson
1977	Ronald A. Straka
1978	Charles S. Sink
1979	John B. Rogers
1979	James S. Sudler
1980	John D. Anderson
1981	G. Cabell Childress
1981	James H. Johnson
1982	Samuel J. Caudill
1982	Richard L. Crowther
1982	Marcus R. Tucker

1983	Temple H. Buell
1984	Kenneth R. Fuller
1984	George S. Hoover
1984	Jerome M. Seracuse
1984	Robert A. Van Deusen
1985	Fredric A. Benedict
1985	Dean Blake Chambliss
1985	Daniel J. Havekost
1986	Theodore L. Mularz
1986	Norm E. Wirkler
1987	Marvin Hatami
1993	Karl Berg
1993	Robert Kronewitter
1993	Phillip Gerou
1993	Richard von Luhrt
1993	Dayl Larson
1993	Jim Morter
1994	Robert W. Root
1994	John Loren Yaw
1994	Gregory E. Franta
1994	Peter Dominick
1995	Elizabeth Wright-Ingraham
1995	Gary Desmond
1995	Ronald L. Mason
1996	Curtis W. Fentress
1996	Marvin J. Sparn
1998	Michael Brendle
1998	Alan G. Gass
1998	Clifford Nakata
1998	H. Alan Zeigel
1999	James Bradburn
1999	Richard Farley
1999	Fred Hynek
1999	Jennifer T. Moulton
2000	Curt Dale
2000	Willam Deno
2001	Christopher M. Nimms

AIA Colorado Chapter Information

The History of the Educational Fund, Colorado Society of Architects, AIA

Since the first \$600 scholarship was presented in 1961, the Education Fund has awarded more than \$700,000 in scholarships, grants and other awards to over two hundred students, architects and teachers. The 2001 awards program totaled \$35,000 from income received through investments, donations, & memorials. This figure is more than 10 times the amount of the original Trust Fund in 1934.

The Educational Fund was born out of the devotion of five men to the practice of architecture. On January 23, 1934, Robert K. Fuller, FAIA, announced on behalf of himself and four other men, the creation of a special Trust Fund: "to advance the interest of the profession of architecture in the State of Colorado."

This was the realization of 10 years of commitment by Robert Fuller, FAIA, William E. Fisher, FAIA, George H. Williamson, FAIA, William Bowman, AIA and Fred Montjoy, AIA. Their dream was "to provide an instrument whereby, someday, sufficient income would be realized to be able to award scholarships, grants, prizes, etc. to the betterment of the profession" ("quotes" are from the original articles of incorporation.) The first aim of the Trust Fund was quite modest: the assets were to be "held intact and allowed to grow" until the principal was large enough to ensure a "Good annual return therefrom."

On December 18, 1944, the Trust Fund was transferred to the Colorado Chapter, AIA. Robert K. Fuller was designated its Permanent Trustee. On February 16, 1961, the Fund was incorporated as a separate tax free, non-profit corporation. Its broad purpose, as reported in the December 1961 issue of the Colorado Chapter, AIA newsletter, "The Addenda," was (and remains today) "to advance education in architecture by granting scholarships, prizes and financial aid to deserving students in architecture and to teachers or architects interested in research projects directly related and of value to the architectural profession."

In 1961 the Colorado Chapter, AIA awarded James E. Koentop, a fifth-year architectural engineering student at the University of Colorado, the William E. Fisher Memorial Scholarship. This was the first scholarship awarded by the Educational Fund, Colorado Chapter, AIA. It had taken 27 years for the five founders' original dream to come true.

Robert K. Fuller, FAIA died in 1966, and the Colorado Chapter, AIA asked his son Kenneth R. Fuller, FAIA, to assume the position of Permanent Member of the Board of Trustees, which he fulfilled until his death in 1998. Upon Kenneth's death, his son, Robert K. Fuller, II AIA was appointed Permanent Trustee. The Board of Trustees of the Educational Fund, Colorado Society of Architects, AIA, by the Articles of Incorporation, consists of the following officers: Educational Fund President – President of AIA Colorado; Educational Fund Vice President – President Elect of AIA Colorado; Educational Fund Secretary/Treasurer – Permanent Member, Robert K. Fuller II, AIA.

The following is a listing of the 2001 Educational Fund Scholarship recipients.

Anniversary Scholarship - \$1,500 award for third or fourth year study in the College of Architecture, University of Colorado - Boulder, Alissa D. Baumbach/ Denver

Kenneth R. Fuller Scholarship - \$2,000 award for fourth year study in the College of Architecture, University of Colorado at Boulder, McLenon J. Bernhardt/Gypsum

Gary G. Landin Scholarship - \$1,500 award for fourth year study, Asia L. Wright/Aspen

C. Gordon Sweet Scholarship - \$1,500 award to any student with proper qualifications, College of Architecture University of Colorado – Charle' Guerrero/ Co. Springs

Producer's Council Scholarship - \$1,000 award for Graduate Study in the College of Architecture and Planning University of Colorado at Denver, Corey Kissell/ Lakewood

William C. Muchow Scholarship - \$2,100 award for Graduate study in Architecture at the College of Architecture and Planning University of Colorado at Denver, Andrea Nicholl/ Denver

Temple Hoyne Buell Scholarship - \$2,500 award for graduate study in architecture at the College of Architecture and Planning, University of Colorado at Denver, Grant T. Yamaki/ Boulder

Robert K. Fuller Scholarship I - \$1,000 award for graduate study in architecture at the College of Architecture and Planning, University of Colorado at Denver, Kimberly Porter/ Denver

Robert K. Fuller Scholarship II - \$1,000 award for graduate study in architecture at the College of Architecture and Planning, University of Colorado at Denver, Jeong-Keun Yoon/ Denver

James H. Hunter Scholarship - \$2,000 award for travel and study in the Americas, Matthew Slagle/ Northglenn

Fisher Traveling Scholarship I - \$2,700 award for international travel and study, Ronald A. Straka/ Denver

Fisher Traveling Scholarship II - \$2,300 award for international travel and study, Lance Vigil/ Denver

AIA Colorado Chapter Information

AIA Continuing Education Requirements for Membership

What is AIA/CES?

It is the AIA Continuing Education System, which emphasizes learning and keeps records of AIA-member learning units. Continuing education is a requirement for AIA architect membership. It enables the architect to keep current, master new knowledge and skills, plan for the future, and responsibly meet the role society entrusts to a professional. In doing so, AIA/CES has the potential to be a primary force in improving and vitalizing the profession of architecture.

How does it work?

As members you can earn credit (Learning Units, or LUs) in two ways:

- A. Participating in programs offered by chapters, firms and other registered providers. In this case, there's no paperwork at all for you to deal with. This generally does not include committee meetings.
- B. Self-directed personal learning activities which are studies of matters relying principally on the architect's initiative as a method of gaining knowledge to improve professional skills. These can include seminars, college courses, conference presentations, video and audio tapes and computer-based education software. A self report form is filled out and used to record your learning units on a transcript. You may complete your self report forms electronically at www.aiaonline.com, or request a hard copy of the form to be faxed to you from AIA Colorado.

What is a Learning Unit Hour (LU Hour)?

The AIA records continuing education credit in learning unit hours (LU Hours). One LU Hour is equal to one educational program contact hour. The AIA Board of Directors approved this educational model to begin January 1, 2000.

How many Learning Units do I need?

All active AIA members must successfully complete 18 LU/hours per year (including 8 hours of health, safety, and welfare issues) to fulfill the CES requirement for membership renewal. This will retroactively affect 1998 and 1999 records.

- member who fails to meet the annual requirement will be given 9 months to earn the deficient LUs and meet the current annual requirement of 18 LUs.
- A member who exceeds the annual requirement in a given year may carry up to 18 LUs (including 8 hours of HSW) into the next year. Members' CES carryover credits allow only as many hours as needed to fulfill the annual requirement.

Where are the CES records kept?

Transcript service and record keeping is provided by the College of Continuing Education at the University of Oklahoma. Self report forms need to be sent by the member directly to: University of

Oklahoma, AIA/CES, Room B4, 1700 Asp Avenue, Norman, OK 73072. You may choose to complete your self report forms electronically, through www.aiaonline.com. A transcript will be mailed once a year, free of charge, to all members with CES activities. Additional transcripts are \$10 each. Transcripts can be accessed on AIA Online by using your member number. You should keep a record of your LUs for two years.

How else can the Internet and AIAOnline help with CES?

Members and AIA/CES Registered Providers can now access AIA/CES through the AIAOnline professional information continuing education page. Following are the offerings you will find there:

CES Transcripts: AIA members can review their up-to-date transcripts at any time.

State mandatory continuing education (MCE) requirements: Find current information about state MCE requirements and regular updates about continuing education issues. Click on the map for an update status report of the states. Links connect to the home pages of licensing boards in states that require MCE.

CES Programs: AIAOnline now provides detailed information about available continuing-education programs, which change daily. This is an easy way to find educational activities offered by CES registered providers.

AIA eClassroom: Take advantage of this new and developing method of taking a course over the Internet. Additional information can be found about other educational self-study products and distance educational programs.

CES Questions (FAQs): A quick resource for the most up-to-date frequently asked questions (FAQ).

Provider Information: A list of all currently approved CES registered providers and the 2000 winners of the AIA/CES Award for Excellence.

CES Forms: Location of the AIA/CES template self-reporting forms for members. CES providers may advertise and register their programs through easy online templates. Other CES provider forms and the application for the CES Providers Award for Excellence may be downloaded.

Is there a list of CES events available for AIA Colorado members?

AIA Colorado and each local chapter have events and programs throughout the year that qualify for Learning Units. AIA Colorado's monthly newsletter, the Colorado Architect, includes announcements of CES events throughout the state, as does our web site at www.aiacolorado.org.

If you would like more information about AIA/CES please contact AIA Colorado, 303.446.2266 or 800.628.5598.

AIA Colorado Chapter Information

AIA Colorado Membership

AIA Colorado has four basic levels of membership. Full descriptions of all membership levels and benefits can be found on the AIA Colorado web site at www.aiacolorado.org

AIA (Licensed Architects) - Currently licensed to practice architecture in U.S.

Emeritus - An AIA Member fully retired

Associate AIA - Unlicensed to practice architecture in the U.S.

Professional Affiliates - (State and Local Levels Only) Individuals involved in positions related to the field of architecture.

Student Affiliates - (State and Local Levels Only) Any undergraduate or post-graduate student enrolled in architectural design or construction related programs in Colorado.

The following list highlights the general benefits all members receive from The American Institute of Architects.

Benefits from AIA Colorado and Your Local Chapter

(more information on these benefits can be found on page 20)

- ▶ Subscription to AIA Colorado's Quarterly newsletter, *Colorado Architect*
- ▶ Complimentary or discounted entry fees to seminars and events
- ▶ Inclusion in and complimentary copy of *AIA Colorado's Statewide Firm Profile and Membership Directory*
- ▶ A 30% discount on AIA Contracts and Documents (AIA Colorado is a full-service document distributor)
- ▶ Discount to advertise on, or hot-link to, our website (www.aiacolorado.org)
- ▶ Convenient access and discounts to the AIA Colorado Classifieds
- ▶ Discounts on ARE workshops and exam study materials
- ▶ Professional development through task forces, educational programs and active chapter committees.
- ▶ Governmental Affairs and Lobbying Activities
- ▶ Annual Design Conference, includes an awards program and publicity for the winners
- ▶ Programs and activities
 - A.M. Architecture Lecture Series
 - Golf Tournaments
 - Project Tours
 - Monthly Gallery Exhibits
 - Continuing Education Opportunities
 - Annual Design Conference
 - Young Architects Design Awards and Gala
 - Design Awards Programs
 - Mentoring Opportunities
 - Social/Networking Activities
- ▶ Free access to the resume book

Of special interest to Associate members:

- ▶ Discounts on ARE workshops and exam study materials/resource library

Of special interest to Professional Affiliate members

- ▶ Discount on booth or tabletop rental at the annual Technology Conference & Expo
- ▶ Advertising discounts in a variety of AIA Colorado publications
- ▶ Preferred status in the Statewide Sponsorship Program and on website

Of special interest to Architects and Associates, National benefits may also include:

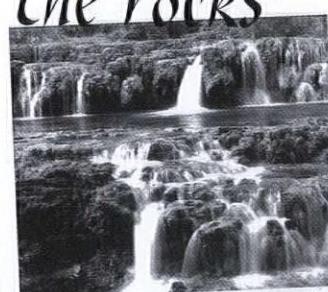

- Participation in National Professional Interest Areas
- Access to AIAOnline, the only electronic bulletin board service exclusively for architects
- National lobbying efforts
- Awards and honors programs
- Subscription to *AIArchitect*, the members' newspaper
- Subscription to *Architectural Record* magazine
- Professional development programs
- AIA Advantage discount programs for car rental, phone service, office machines, etc.

AIA Colorado Chapter Information

AIA Colorado Benefits and Services for Members

(As mentioned on page 19)

AIA Document and Publication Sales

AIA Colorado is a full-service distributor of AIA contract documents and forms. Each member receives a 30% discount on all AIA copyright-protected contract documents and a member price on many books published by AIA. Our document inventory is kept well-stocked to fill orders, however, advance notice is appreciated for large orders so that we can replace our inventory and have documents available at all times. We stock a limited number of books, such as

CADD Layering Guidelines. Order forms faxed or mailed to AIA Colorado, accompanied by a check or VISA/MC/AE number, are usually processed on the day of receipt. Or, you may pick up your document orders at the AIA office.

AIA Colorado Classifieds

The AIA Colorado Classifieds is a unique service, dedicated to architectural jobs of all types, space available and services that benefit this industry. This listing is updated every Tuesday at noon, and all ads posted are currently available. You will find an average of 45 available positions each week, making it an excellent and reliable resource for those seeking employment and those seeking employees. Our circulation is tremendous, as each week, with a substantial increase every Tuesday when it is published, our website (www.aiacolorado.org) averages 2,100 "hits". We also distribute approximately 25 hard copies from our office weekly. The cost to advertise on the AIA Colorado Classifieds is currently \$40 a week for members, and \$80 a week for non-members. Please contact our office or view the website for more information on this successful advertising service.

AIA Colorado Resume Book

AIA Colorado maintains a book of resumes for potential employers. Hiring firms may visit our offices to review the book or may call and request matching resumes to be faxed. There is no charge for members to receive copies of resumes; non-members will be charged \$10. Individuals can leave their *single-page* resumes on file at the AIA Colorado office for a period of four months (a \$20 fee is assessed to offset any faxing, copying and shipping fees that accrue throughout the four-month period). AIA Colorado receives approximately two to four requests for resumes per week, and distributes 5-10 resumes per request. The average resume is copied, faxed or mailed approximately 35 times throughout the four-month period.

Firm Profile & Membership Directory

The Firm Profile & Membership Directory is a statewide listing of all AIA Colorado members for the current calendar year. The directory also includes many resources for the general public and those who procure architectural services.

FRANSEN PITTMAN

2000 AIA Colorado Award Winners

AIA Colorado Design Awards

Every fall AIA Colorado holds a Design Competition to recognize outstanding achievements in architecture, interiors and planning. The goal is to increase public awareness of the various services provided by architects and to emphasize the architect's role in shaping the built environment through design excellence.

2000 Jury included these talented and well respected architects:

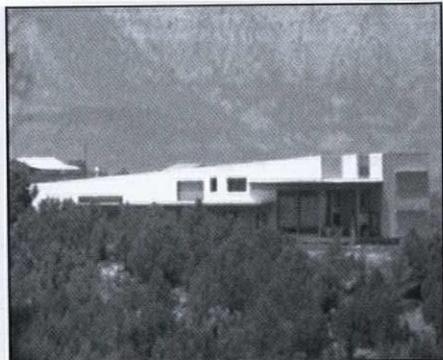

David P. Manfredi, AIA Jury Chair
Fred Koetter, FAIA
Peter Kuttner, FAIA
Warren R. Schwartz, FAIA
Andrea Leers, FAIA

Award Winners

Honor Award:

Leendertse Residence
Mesa, Colorado Black Shack Studio

Basalt, Colorado A 4,000 sq. ft. residence for a semi-retired Dutch water engineer and his wife; located on a 40-acre site near the Bookcliff mountains outside of Grand Junction, Colorado. They wanted something modern: "Frank Gehry on a beer budget" is how they described it. We combined big box agricultural imagery with modern geometry, low cost materials and minimal site disturbance.

Honor Award:

Regional Transportation Commission Headquarters Building
Las Vegas, Nevada Fentress Bradburn Architects

Denver, Colorado The RTC/RFCD Headquarters Building is the second facility to be built on the 38-acre Clark County Government Center campus. In reinforcing the tradition of nature-inspired architecture, the design of this building is derived from the Red Rock Canyon and the Valley of Fire, which are an important part of the region's context.

The building presents itself in natural sandstone to complement the natural landforms of the region and the government center complex. The mass of the building is designed around the courtyard concept with the main building entry from the south side, shaded by high building masses on the east and the west side of the canyon. The creation of this central open space offers the experience of walking through desert canyons.

Honor Award:

Hansen Construction Office Remodel
Aspen, Colorado Harry Teague Architects

Aspen , Colorado In addition to carefully accommodating the functional needs of a no-nonsense, working office, the design intends to show off the skill and quality of the contractor in many diverse materials and also energize the firm with the excitement of the construction process itself. Elements of the design refer metaphorically and physically to the construction process. Layers peel away to expose construction details executed with the quality of fine cabinetwork. Models of built projects can e viewed through small holes cut in the plywood panels that line the entrance, much as we all have viewed the construction of a large urban building through the holes in construction barriers.

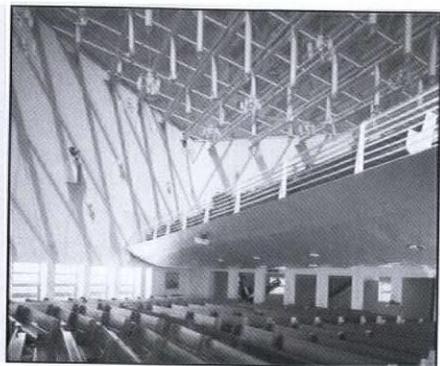

2000 AIA Colorado Award Winners

AIA Colorado Design Awards

Honor Award:

Riverside Church
Seoul, Korea K.Y. Architect

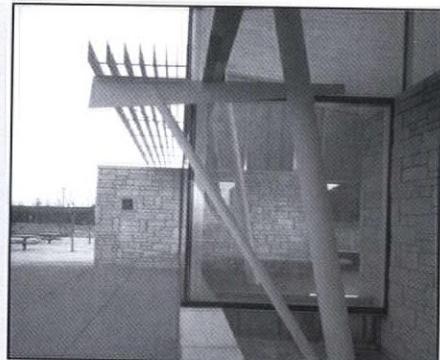

Englewood, Colorado Riverside Church incorporates contemporary technology to create a spiritual space. A signature element, the Jacobs Ladder on the roof, marks the building as sacred without the heavy iconography of traditional church architecture. The glass roof of the chapel contributes to energy conservation as well as spiritual contemplation.

Honor Award:

El Moro Rest Area
Trinidad, Colorado Michael Brendle Architects

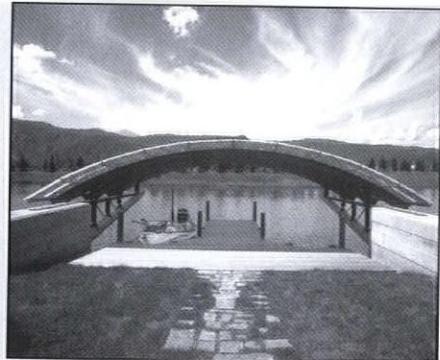

Denver, Colorado The design of the El Moro tourist center was developed from the rest area model study. The basic layout responds to the unique characteristics of the site and its geography. The building's form is influenced by the strong view corridor to Fisher Peak and serves as a contextual sculpture in the landscape. The selected materials are natural sandstones, clay masonry, tinted glazing, and copper roofing – all inspired by the surrounding landscape. They were assembled in layers to play with natural light and symbolize the billions of years of earth formations unique to the El Moro area.

Merit Award:

Kodiak Boat House
El Jebel, Colorado Black Shack Studio

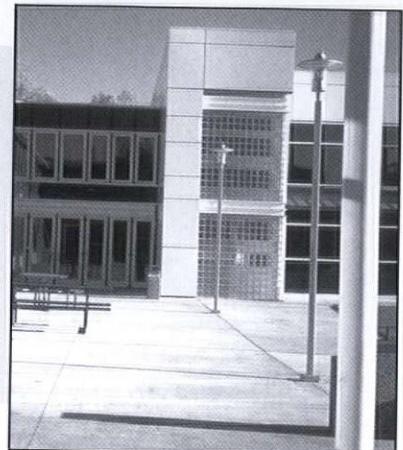

Basalt, Colorado One a man-made water ski lake with a clay liner, we needed to cantilever a boat house over the water. With quickly changing weather conditions it was necessary to create a place to get in, under cover. The materials are board-formed concrete, logs, steel and corrugated fiberglass.

Merit Award:

Trinidad State Junior College, Valley Campus
Alamosa, Colorado Michael Brendle Architects

Denver, Colorado This 18,000 square-foot addition to the Valley Campus in Alamosa creates a new image for vocational education. The new facility complements the existing campus building, which is undergoing technological renovations, in material and scale. A new outdoor courtyard encourages students to showcase their efforts and talents. Sited on the city's main thoroughfare, the addition contains a learning resource center, student lounge, lobby, and lecture hall, as well as several heavy vocational high-bay areas.

2000 AIA Colorado Award Winners

AIA Colorado Design Awards

Merit Award:

Santa Fe Drive Offices
Denver, Colorado Semple Brown Design, P.C.

Denver, Colorado The architectural office of Semple Brown Design had several design priorities for their new office space. The development of the 12,000 square foot warehouse space, previously a post office, needed to achieve the following: redefine a pedestrian oriented street, incorporate existing elements of the structure, such as loading docks, as well as create a 'community' working environment that infused creativity, inventiveness, and innovation.

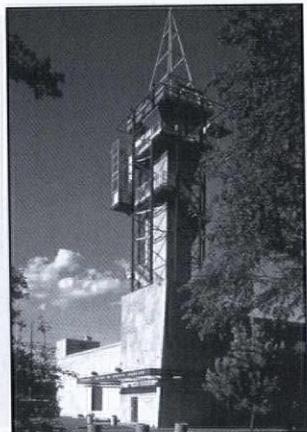

Citation Award:

Museum of Western Colorado Observation Tower
Grand Junction, Colorado Chamberlin Architects, P.C.

Grand Junction, Colorado Rarely in Grand Junction does one have the chance to view the city from on high. As a sort of periscope over the valley, the Museum of Western Colorado Observation Tower serves both as joy ride and educational device linking what you've learned inside the Museum to the landscape that has shaped that history.

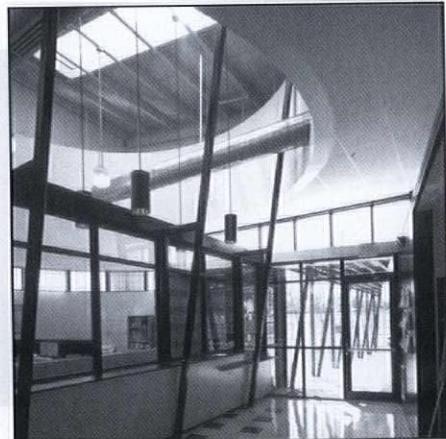

Ultimately the Museum will span the full width of the city block joining two existing buildings, with the purple tower intending to mark the new entrance to the Museum. The observation deck itself is cantilevered beyond the structure and protects the faint hearted with large interpretive panels delineating the landmarks in the view below.

Citation Award:

Colorado State Patrol, Prototype Facility
Commerce City & Fort Collins, Colorado Roth + Sheppard Architects

Denver, Colorado The Colorado State Patrol Facility is a pre-engineered metal building prototype design that will be sited in numerous locations throughout the state. The collection of spaces and building elements is designed as an interchangeable kit of parts. The facility ranges in size from 5,000 sq. ft to 10,000 sq. ft. and includes multi-use interior spaces to minimize construction costs while enhancing efficiency and flexibility.

2000 AIA Colorado Award Winners

AIA Colorado Special Awards

Featured on the cover:

Congratulations to Harry Teague, AIA of Aspen Colorado for being honored as the 2000 Architect of the Year. The project pictured is the Aspen Music Festivals Benedict Music Tent. This project was completed last year, and is already being called Harry Teague's greatest work. (Photo credit: Tim Hursley)

The Architect of the Year Award is given to an architect who has provided outstanding:

- Service to the profession in Colorado
- Service in the field of architectural education
- Achievement in the field of design and allied arts to the benefit of the architecture profession
- Public service to the people of Colorado
- Service to the building industry of Colorado

The recipient must be a licensed architect in Colorado and a member of AIA Colorado for a minimum of five years

Congratulations to the 2000 Firm of the Year, Anderson Mason Dale Architects who's outstanding work and contribution to the community earned them the 2000 AIA Colorado Firm of the Year Award.

The project pictured is Hudson-Meng Bonebed Site Oglala National Grasslands, Nebraska (in association)

This new 7,000 square foot structure, protects the bonebed for continued research, providing an environmentally controlled interior to reduce erosion, and allowing the bonebed to remain uncovered, which eases scientific work, prevents disturbance of bones, and allows an excellent view of the excavation during most seasons.

As a consultant to a landscape architecture firm, Anderson Mason Dale performed design services on the project for the USDA Forest Service.

2000 AIA Colorado Award Winners

AIA Colorado Special Awards

AIA Colorado Special Awards

Architect of the Year

The Architect of the Year Award is given to an architect who has provided outstanding:

- Service to the profession in Colorado
- Service in the field of architectural education
- Achievement in the field of design and allied arts to the benefit of the architecture profession
- Public service to the people of Colorado
- Service to the building industry of Colorado

The recipient must be a licensed architect in Colorado and a member of AIA Colorado for a minimum of five years "whose contribution to architecture in Colorado has been outstanding." Previous recipients include:

1982	James Sudler, FAIA
1983	William Muchow, FAIA
1984	Hobart Wagner, FAIA
1985	Charles Sink, FAIA
1986	Jerome Seracuse, FAIA
1987	John Anderson, FAIA
1988	Temple Buell, FAIA
1989	Kenneth Fuller, FAIA
1990	Rodney Davis, FAIA
1991	John B Rogers, FAIA
1992	Samuel Caudill, FAIA
1993	Richard Crowther, FAIA
1994	George Hoover, FAIA
1995	Frederic A. Benedict, FAIA (Posthumous)
1996	James Morter, FAIA
1997	William Deno, FAIA
1998	Gregory Franta, FAIA
1999	Morey Bean, AIA
2000	Harry Teague, AIA

Firm of the Year

Objective

To recognize a firm that has contributed to the profession and that has set an example both in design and leadership in the state. This should be a firm that best represents the practice of architecture.

Eligibility

Any firm that has provided architectural services in Colorado for over 10 years. Any firm whose principal, or principals are members of AIA Colorado. Firms which have their main or founding office within the state of Colorado.

Nominations

Must come from outside of the firm. Include a statement indicating why this firm should be selected listing projects of note and any other outstanding qualifications.

Jury

The Board of Directors of AIA Colorado will judge the nominations and make the award selection at a regularly scheduled Board of Directors meeting.

Previous Awardees

1991	Hoover Berg Desmond
1992	Klipp Colussy Jenks DuBois
1993	Harry Teague Architects
1994	CW Fentress JH Bradburn & Associates
1995	Cottle Graybeal Yaw Architects
1996	Chamberlin Architects
1997	OZ Architecture
1998	Barrett Steele Architects
1999	Downing Thorpe James
2000	Anderson Mason Dale Architects

Contribution to the Built Environment

This award was established to recognize the outstanding accomplishments of a non-architect in Colorado for demonstrating exemplary achievements in contributing to the quality of the built environment. AIA Colorado intends to bring recognition to individuals from diverse backgrounds for their professional contributions to maintaining, preserving, developing or promoting Colorado's built environment. Previous awardees:

1991	University of Colorado at Boulder
1992	Town of Limon
1993	Aspen Community Plan
1994	Don Logan of Stresscon Corporation and Paul Foster of Paul J. Foster Associates
1995	Lou Wynne, Hon. AIA Colorado South Chapter, Colorado Springs
1996	US Transportation Secretary Federico Peña
1997	The Aspen Institute/The Music Association of Aspen/The Aspen Center for Physics/The International Design Conference at Aspen
1998	Nore Winter
1999	Dana Crawford
2000	The Partnership for Community Design

25 Year Award

This was initiated in 1994 to recognize a project completed 25 to 35 years ago, by a Colorado architect, that has withstood the "test of time" and still functions in its original capacity. Award recipients have included:

1994	Engineering Center at the University of Colorado, Boulder
1995	Zeckendorf Plaza, Denver
1996	Boettcher Memorial at Denver's Botanic Gardens, Denver
1997	National Center for Atmospheric Research, Mesa Laboratory (NCAR), Boulder
1998	Park Central Office Complex, Denver
1999	Williams Village, University of Colorado at Boulder
2000	St. Francis Church on Auraria Campus

2000 AIA Colorado Award Winners

AIA Denver Design Awards

AIA Denver Design Awards

A new category was created this year to celebrate Civic Architecture, to recognize programs and buildings in the civic arena, which have long been overlooked in architectural award programs. This year, the City of Denver's Department of Design and Construction Management, Division of Public Works, was selected among the Civic entries for an Honor Award for its submission of the Denver Public Library Program. This program was the ensuing result of a 90-million-dollar bond issue approved in 1990 to build the new Central library and to build or remodel the 19 neighboring branch libraries that make up the system.

The San Francisco jury included:

Adèle Naudé Santos, FAIA, professor of architecture at University of California, Berkeley

Aaron Betsky, Curator of Architecture at San Francisco Museum of Modern Art;

Allison Williams, FAIA, founder and managing principal of Ai Architects and Engineers; Mary Margaret Jones, master concept designer for 2000 Sydney Olympics

Daniel Solomon, FAIA, of Solomon Architecture and Urban Design.

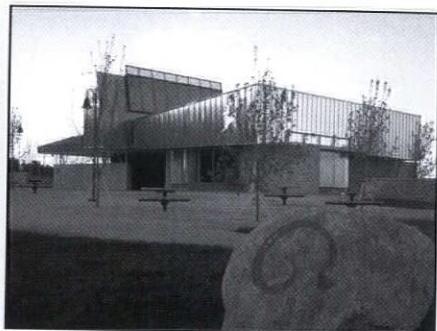

Comments by the jury follow each listing.

Honor Award:

El Moro Rest Area (Trinidad) Michael Brendle Architects

The design of the El Moro tourist center was developed from the rest area model study. The basic layout responds to the unique characteristics of the site and its geography. The building's form is influenced by the strong view corridor to Fisher Peak and serves as a contextual sculpture in the landscape. The selected materials are natural sandstones, clay masonry, tinted glazing, and copper roofing – all inspired by the surrounding landscape. They were assembled in layers to play with natural light and symbolize the billions of years of earth formations unique to the El Moro area.

"Beautifully sculptured, great use of materials, wonderful scale, subdued and elegant."

Honor Award:

Denver Public Library Program City of Denver's Department of Design and Construction Management

"Good solid program, clear vision."

Merit Award:

1160 Santa Fe Drive, Semple Brown's studio, Denver Semple Brown Design

The architectural office of Semple Brown Design had several design priorities for their new office space. The development of the 12,000 square foot warehouse space, previously a post office, needed to achieve the following: redefine a pedestrian oriented street, incorporate existing elements of the structure, such as loading docks, as well as create a 'community' working environment that infused creativity, inventiveness, and innovation.

"Simple, clear, well done. Inventive lighting, good exterior materials."

2000 AIA Colorado Award Winners

AIA Denver Design Awards

Merit Award:

Humanities Building/Woodbury Hall Renovation
(Univ of Colorado at Boulder)
Bennett Wagner & Grody Architects

"Arresting and strong, well-done details and, of the historic ones, the best."

Merit Award:

Colorado State Patrol Prototype, Ft. Collins
Roth + Sheppard Architects

The Colorado State Patrol Facility is a pre-engineered metal building prototype design that will be sited in numerous locations throughout the state. The collection of spaces and building elements is designed as an interchangeable kit of parts. The facility ranges in size from 5,000 sq. ft to 10,000 sq. ft. and includes multi-use interior spaces to minimize construction costs while enhancing efficiency and flexibility.

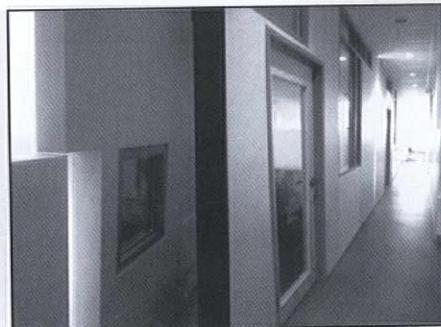

"Inventive, simple gesture, interesting premise."

Merit Award:

bCandid Interiors II, Denver
Doris Kim Sung, Architect

"Thoughtful, well-detailed, good, strong concept."

2000 AIA Colorado Award Winners

AIA Denver Design Awards

Citation Award:

Historic Rolling Stock Museum, Silver Plume
Root Rosenman Architects

"Simple shed, modest, good proportion."

Citation Award:

Trinidad State Junior College, Valley Campus, Alamosa
Michael Brendle Architects

This 18,000 square-foot addition to the Valley Campus in Alamosa creates a new image for vocational education. The new facility complements the existing campus building, which is undergoing technological renovations, in material and scale. A new outdoor courtyard encourages students to showcase their efforts and talents. Sited on the city's main thoroughfare, the addition contains a learning resource center, student lounge, lobby, and lecture hall, as well as several heavy vocational high-bay areas.

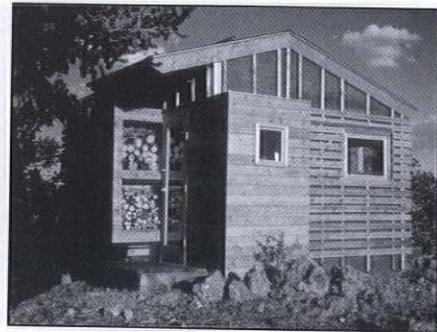

"Great volume/contrast, funky forms, soaring exteriors."

Citation Award:

Smith-McLain Cabin, Sangre de Cristo Mountains
Agency for Architecture

"Sweet and simple!"

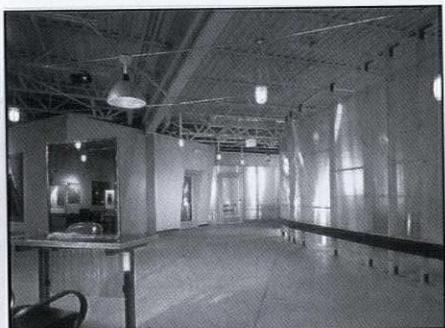

2000 AIA Colorado Award Winners

AIA Denver Design Awards

Citation Award:

The Zone, Denver
Semple Brown Design

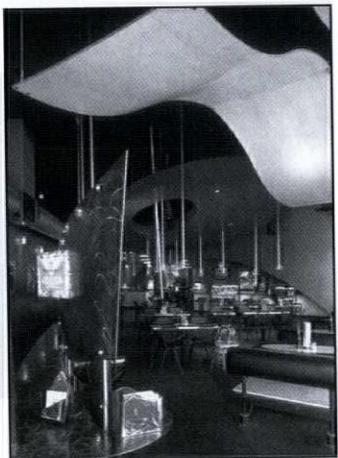

"Playful, low budget, I would go there."

Citation Award:

Tokyo Joe's Restaurant Prototype, Denver
Roth + Sheppard Architects

"Fun, whimsical, not overdone."

Citation Award:

15h & Pearl Parking Structure/Mixed Use, Pearl Street Mall, Boulder
RNL Design and Sheers Lease Architects

"Good urban statement, well-executed details, strong."

2000 AIA Colorado Award Winners

AIA Colorado North Design Awards

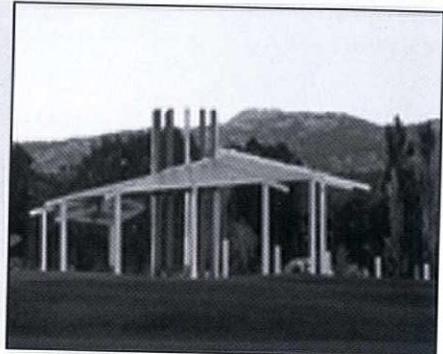

As we went through the projects and began winnowing the submissions down, our views about what we were seeing and what we thought about the work began to focus. As you will notice, we favored those projects that achieved their ends through an economy of means, both conceptually and in terms of realization. We appreciated those projects that came to grips with difficult situations, and it may not be coincidental that several of the award were given to works that addressed existing buildings or additions, remodels, or adaptive uses.

William Miller, FAIA, Jury Chair

Honor Award:

Park Pavilion, Fort Collins, Colorado
RB+B Architects, Inc.

The design of this pavilion evolved from the undulating grades of the park site. Centrality and movement, again sensed from the site, inspired the pavilion design. At the heart of the scheme lies a circular space, formed by a series of tall columns open to the sky and creating a virtual wall. At the same time there is a sheltered space, created by roof that assumes differing forms when viewed from different locations in the park. Both roof and column soar between earth and sky, yet connect them in a wonderful way.

Merit Award:

National Built Environment Image Guide & Midewin Thematic Design Guidelines
Oz Architecture and a cast of many

The Built Environment Image Guide is based upon the USDA Forest Services mission to enhance the quality of Forest Service facilities throughout the nation. The design team conducted intensive charettes within each of the agency's 5 regions to address natural and cultural contexts and to determine appropriate and sustainable design responses.

Merit Award:

Southern Ute Tribal Housing, Ignacio, Colorado
Downing, Thorpe and James, Inc.

Located on a bluff overlooking the town of Ignacio, issues of cultural awareness were critical for this 30 unit housing project designed for the Southern Ute Indian Tribe.

Merit Award:

1124-1126 Pearl Street Mall, Boulder, Colorado
Edge Architecture

This project completely transformed a 50' wide storefront that was a weak link in continuity of the mall facade. In contrast to the direction that numerous architects might take, a contemporary architectural expression was sought by the traditional image of a cast iron and plate glass was transformed into a crisp steel frame and glass, with a stone base by traditional sensibilities replaced with modern materials.

2000 AIA Colorado Award Winners

AIA Colorado North Design Awards

Merit Award:

Gilbert Street Residence, Boulder, Colorado
Hobbs Design Firm, Kimble Hobbs, Architect

This project is an extensive renovation of an existing residence on a steep site, which needed to respond to the strict city solar and height controls. Having previously lived in an urban Chicago loft space, the client desired similar qualities of openness in the renovation.

Merit Award:

Skylofts, Denver, Colorado
OZ Architecture

This project transforms an existing speculative office building in downtown Denver into 37 residential lofts and entrance lobby. The existing 7 level parking structure remains unchanged (for obvious reasons).

In this conversion, the design concept was to use residential elements like French doors, operable windows, and balconies to transform the monolithic upper portion of the building.

2000 AIA Colorado Award Winners

AIA Colorado South Design Awards

AIA Colorado South Awards

Honor Award

Interior Architecture

Private Residence, Moscow, Russia

Robert Mark Harris, Colorado Springs, Colorado

Situated in the Historic Red Square District, the project proved to use more knowledge of preservation and archeology than that of progressive architectural design. The design investigates techniques to reclaim a rather poorly amended existing floor plan, consisting primarily of a series of small rooms situated along a long, dark corridor. Although all primary rooms had access to large windows overlooking Red Square, each room lacked the rich, ornate air typical of Classic Regency Russian architecture.

Honor Award

Concept, Large or Small Unbuilt

The Inhabited Wall: Billboard Housing Prototype

Robert Mark Harris, Colorado Springs, Colorado

This conceptual work envisions a 3,000-sq.-ft. site off US I-25 with living quarters within the confines of a typical roadside billboard. It is to include living and eating space, two bedrooms, studio/workshop, rooftop horticultural area and ample outdoor living terraces where possible. In context to its setting, the notions of sequence and passage between physical and mental atmospheres become pictorial, if not also programmatic.

2000 AIA Colorado Award Winners

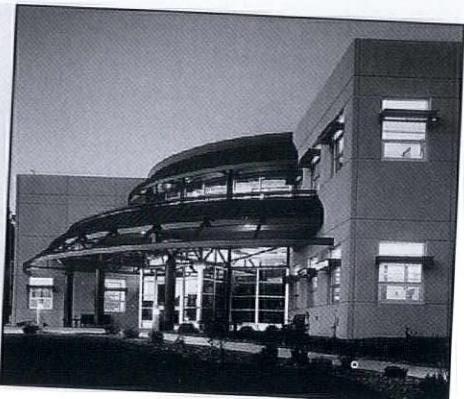

AIA Colorado South Design Awards

Citation Award

Large Built Project

Leon Young Electric Service Center, Colorado Springs, Colorado
LKA Partners Inc., Colorado Springs, Colorado

The new Leon Young Electric Service Center for Colorado Springs utilities is a streamlined facility, housing 10 sections, including administrative, planning, engineering and construction, which were previously housed in five different locations throughout Colorado Springs. Next to Spring Creek, the new complex occupies a 25-acre site with impressive views of the Pikes Peak region. The site design included the 140,000-sq.-ft. structure, parking, city vehicle parking, a 250,000-sq.-ft. material storage yard, fueling station, truck scale and a vehicle storage garage.

2000 AIA Colorado Award Winners

AIA Colorado West Design Awards

AIA Colorado West Design Awards

Honor Award: (Built)

Hallam Street residence addition, Aspen
Harry Teague Architects

The jury was struck by the interplay of old Victorian forms with the more contemporary, yet contextual addition. The addition balanced, yet gently contrasted, the original Victorian home, while creating sculptural elements that animated dramatic new living spaces. The jury was impressed by the overall quality of the design.

Honor Award: (Interior)

Hansen Construction Office interior
Harry Teague Architects

The Hansen Offices were noted for the craftsman-like and inventive use of materials and the richness of the spaces. The offices seemed to be an ideal reflection of the client.

Honor Award: (Interior)

Music Tent at the Aspen Institute
Harry Teague Architects

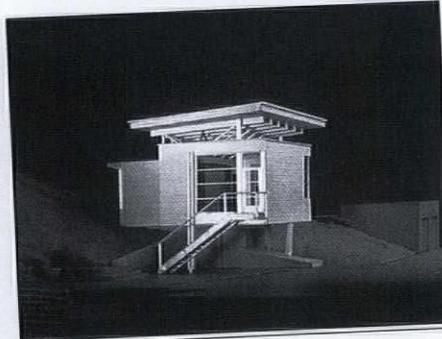

The Music Tent was awarded for its spatial richness, clean lines of structure, and overall quality of light.

Merit Award: (Unbuilt)

Guest House Project
Willis Pember Architects

The jury noted the project's object-like quality, simplicity, kit-of-parts feel, and clearly articulated relationship to the ground.

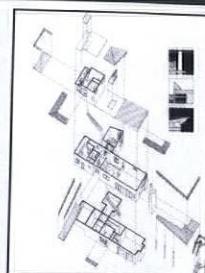

2000 AIA Colorado Award Winners

AIA Colorado West Design Awards

Citation Award: (Unbuilt)

Briggeman and Camicia House
Studio B of Aspen

The jury recognized the home's lively forms, expressiveness, and the rich quality of the image sketches.

"It would be a great house for a party, and we hope to be invited" was a jury comment.

Citation Award: (Built)

Carbondale Community School
Harry Teague Architects

The playful quality of the forms, the use of color, and the rustic materials conveyed a sense of playfulness and joy that seemed most appropriate for an elementary school.

Citation Award: (Built)

CGY Offices: Basalt, CO
Cattle Graybeal and yaw

The office skillfully blends expressive building elements into the traditional forms and context of Basalt. The jury also loved the dynamic and animated quality of the main workspace.

Contacts, Resources and Other Information

National Council of Architectural Registration Boards (NCARB)

1735 New York Avenue NW, Suite 700
Washington, DC 20006
202/783-6500 202/783-0290 (fax)
www.ncarb.org

The mission of the National Council of Architectural Registration Boards is to work together as a council of member boards to safeguard the health, safety and welfare of the public and to assist member boards in carrying out their duties. To achieve those goals, the Council develops and recommends standards to be required of an applicant for architectural registration, develops and recommends standards regulating the practice of architecture, provides a process for certifying to member boards the qualifications of an architect for registration, and represents the interests of member boards before public and private agencies.

All States and the District of Columbia require individuals to be licensed (registered) before they may call themselves architects or contract to provide architectural services. Many architecture school graduates work in the field even though they are not licensed. However, a licensed architect is required to take legal responsibility for all work. Licensure requirements include a professional degree in architecture, a period of practical training or internship, and passage of all sections of the Architect Registration Examination (ARE).

Intern Development Program

All state architectural registration boards require a training period before candidates may sit for the ARE and become licensed. Many states have adopted the training standards from the Intern Development Program, administered by the National Council of Architectural Registration Boards. These standards stipulate broad and diversified training in identified areas of architectural practice. The 2001 AIA Colorado State IDP Coordinator is Andra Nichol, Associate AIA, AR7 Hoover Desmond Architects, 303.837.8811.

Architect Registration Examination (ARE)

After completing the internship period, interns are eligible to sit for the ARE. The examination tests candidates on a broad body of architectural knowledge, and is given in sections throughout the year. AIA Colorado provides a series of ARE study sessions every year in early spring.

The Colorado State Board of Examiners is responsible for:

- Licensing and regulating individual Architects;
- Administering the Architect Registration Examination;
- Investigating complaints against its licensees;
- Conducting disciplinary hearings against licensees who are alleged to have violated the Architect Law or the Board's Rules and Regulations of Procedures;
- Issuing disciplinary actions against licensees who violate the Architect Law or the Board's Rules and Regulations of Procedure;
- Renewing individual licenses every two years;
- Making rules and regulations for the orderly conduct of its affairs and for the administration of the Architect Law;
- Requiring every licensed Architect to have a stamp; and
- Meeting on a regular basis to conduct its business.

What you do after it's built is your business.

- Geologic Evaluation & Hazard Mitigation
- Geotechnical Site Evaluation
- Environmental Site Assessment
- Foundation Investigation
- Heave Prediction
- Slope Stability
- Dam Design
- Groundwater Investigation
- Mine Subsidence Analysis and Mitigation
- Construction Observation and Testing
 - Fill/Backfill Compaction
 - Concrete/Asphalt
 - Steel, Masonry, Weld and Bolt
 - Fire-Proofing Measurement
- Pavement Analysis and Design
- Pavement Management
- Applied Asphalt Research
- Aggregate Qualification
- Mix Designs for
 - Portland Cement Concrete
 - Asphaltic Concrete
 - Soil Stabilization
 - Pavement Seals, etc.
- Cement/Fly Ash testing
- Forensic Engineering and Distress Evaluations

For over twenty-five years, CTL/Thompson has been providing practical, innovative solutions to geotechnical, materials and geoenvironmental problems. From the foundation to the roof, we provide solutions to your toughest construction challenges. For a brochure, or to talk directly with one of our principals, contact us at 303-825-0777. You can also visit our web site at www.ctlt.com. If you want to make sure you're building on a solid foundation, give us a call today.

Making sure it's built well is ours.

Member Firm Profiles & Local Chapter Information

Local Chapter Boards of Directors

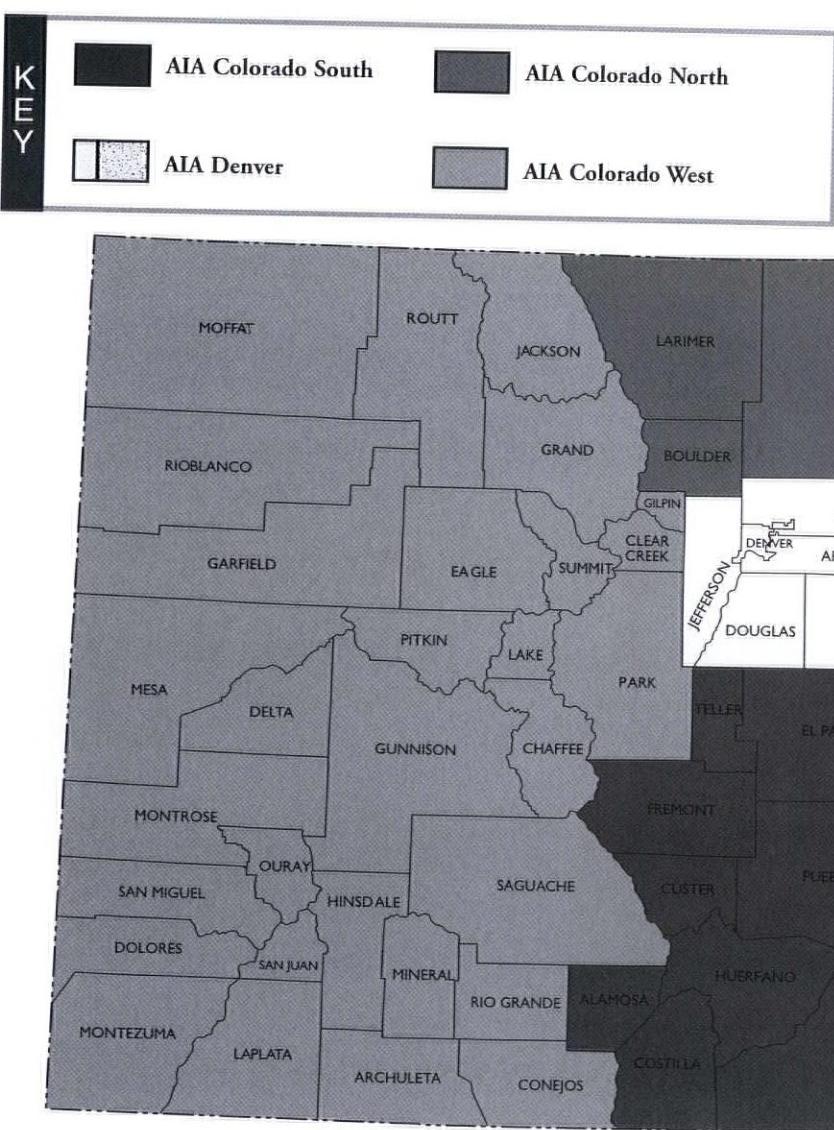

The following pages list the 2000 Board of Directors, programs and activities for each of the four local chapters located within Colorado. AIA Colorado hopes that you will use this information to contact a local Board member or to help a new member who is considering joining The American Institute of Architects. The local chapters cover the state as follows:

AIA Denver is the largest chapter in Colorado and includes the Denver metropolitan area, excluding Boulder.

AIA Colorado North Chapter covers nine counties in Northeastern Colorado and includes Boulder, Greeley, Fort Collins, Loveland and Longmont.

AIA Colorado South Chapter covers 18 counties of South and Southeastern Colorado and includes Colorado Springs, Pueblo and Montrose.

AIA Colorado West Chapter is the largest geographical area, covering 22 counties in Western Colorado, and includes the communities of Aspen, Breckenridge, Vail, Grand Junction and Steamboat Springs.

FIRM DESCRIPTION

Root Rosenman Architects is a Denver-based architectural practice with experience in the design of a variety of important public and private facilities. The firm is recognized for its dedication to architectural design of the highest caliber and has been commended with numerous awards for design excellence. The practice was established with the fundamental belief that, both in design and construction technology, clients have the right to expect performance at the highest level of the profession. This can be best accomplished by providing continual principal involvement and by recognizing that there is no substitute for personal service.

FIRM DESCRIPTION

Harry Teague Architects is a 15-person firm that has established an international design reputation, due in part to its long association with the revitalization and reinterpretation of western vernacular architecture. AIA Western Region named it "Firm of the Year" in 1995, and Harry Teague the "Architect of the Year" in 2000.

RSI was established in 1987 to satisfy the growing electronic system needs of clients. RSI is a single, dependable resource for all significant electronic systems, including audio/video, home cinema, integrated control, architectural lighting control, communications, security and environmental control. We have a proven approach for working with clients to design and install electronic systems appropriate for their circumstances. We call this process "Custom Electronic Architecture". RSI specializes in the design, installation and service of custom integrated electronic systems. Systems that will work fine independently, but when integrated, easily and conveniently work together to provide a higher level of comfort, entertainment, and security, while actually enhancing our clients' lifestyles.

Loadmaster metal deck roof systems. Design, Engineering, Supply and Installation available. The "PINNACLE TEAM SYSTEM" product can be used combining TEAM PANELS/MITK light gauge steel roof trusses, the LOADMASTER metal roof deck system, and a GAF asphalt shingle roof or a ZIP-RIB standing seam metal roof to provide a 100% warranted system "From the Plate-Line up". Warranty covers weather tightness, structural integrity, and finish for a minimum of five years, but up to forty years. Please call TEAM Panels with any questions regarding Light Gauge Steel Trusses, Loadmaster roof deck systems, GAF asphalt shingles, or Zip-Rib standing seam metal roofs.

S Sheet Metal & Air Conditioning Contractors

Sheet Metal and Air Conditioning Contractors' National Association - Colorado Chapter

Tom Keating, Executive Director
1114 W. 7th Ave Suite 220
Denver, CO 80204
303-832-4224 Fax: 303-832-5116
www.smacna.org

Located in headquarters outside of Washington D.C., the Sheet Metal and Air Conditioning Contractors' National Association (SMACNA) is an international association of union contractors. SMACNA members specialize in heating, ventilating and air conditioning; architectural sheet metal; industrial sheet metal; kitchen equipment; testing and balancing; energy management; service and maintenance. The voluntary technical standards and manuals developed by SMACNA contractors have found worldwide acceptance by the construction community. SMACNA standards and manuals address all facets of the sheet metal industry, from duct construction and installation to air pollution control, from energy recovery to roofing. The association's Technical Resources Department fields several thousand technical questions annually from architects, engineers, manufacturers and government personnel.

Glacier Northwest, with its new office in New Castle, Colorado brings the "Everdure Caltite System" to the Rocky Mtn. Region. Caltite treated concrete transforms concrete into a hydrophobic, or water hating membrane when Caltite is used, traditional membranes can be eliminated and so are the problems associated with membranes. One more benefit, the Everdure Caltite Waterproof System is guaranteed by Glacier Northwest to remain water proof.

Takin' Care of Business

Sema Pushes Ahead with Multi-Phased I-225/Parker Road Project

Commuters who regularly drive the southeast metro area have watched the giant flyover at I-225 and Parker Road stretch across the skyline this spring and summer, spanning one of the most heavily travelled interchanges in the city. The new flyover from northbound Parker to southbound I-225 is just one component of the complex, multi-phased Parker Road/I-225 Interchange Reconstruction project, which lies between Peoria Street and Hampden Avenue on either side of I-225.

Colorado Construction gives you the visibility you want!

- **Market Place.** No other publication penetrates this lucrative, \$7 billion regional market better than *Colorado Construction*.
- **Circulation.** With the right mix of 6,200 qualified contractors, subcontractors, architects, engineers and owners, *Colorado Construction* reaches the leaders in the industry who are active in the local marketplace.
- **Editorial.** Our editorial staff has a finger on the pulse of market events. They gather, refine and deliver local news and local information on the most challenging projects in the area.
- **Advertising.** *Colorado Construction* gives you industry-wide reach and cost-effective exposure to one of the nation's leading construction markets.

www.coloradoconstructionmag.com

Where Designers Meet Designers

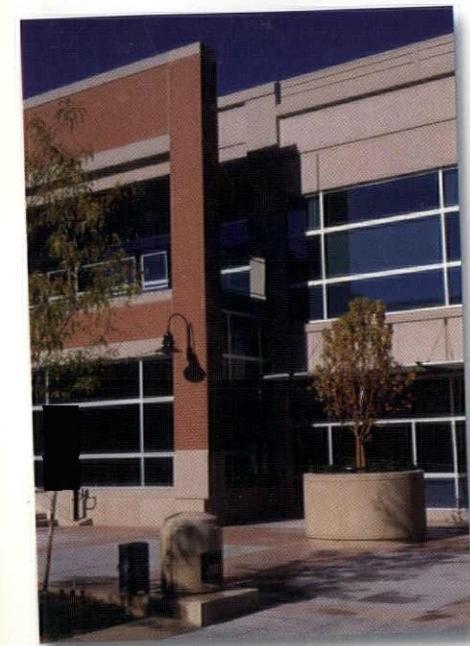

Architecture & Engineering Quarterly features regional projects, designs, people, places, trends, companies, products, association news and more.

Now for the first time you can read in-depth from one source about this important niche of the design/construction industry in the west.

Advertise your products and services directly to the architectural and building industry. This is the only design trade magazine of its kind in the region. It offers you the most direct, efficient & effective avenue for promoting your name, image, reputation, products and services.
